RE: Assessment Monitoring And Drilling Schedule Update
Alleghany County Closed MSW Landfill
Sparta, North Carolina

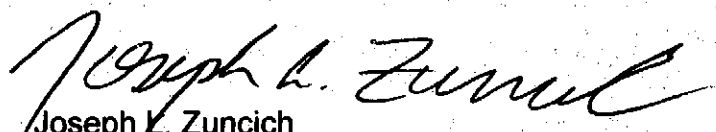

VIA FACSIMILE AND CERTIFIED US MAIL

Dear Ms. Drummond,

This letter is to inform you that we have just received the monitoring well permit to install one Type II well between MW-1 and Vile Creek. Our current schedule is to mobilize, travel to the site, and install the well on July 1, 2008. All groundwater/stream sampling and methane monitoring will be conducted on the following day, July 2, 2008. Top of casing elevations will be surveyed for hydraulic control-groundwater flow direction. Upon receipt of laboratory results, a monitoring report will be prepared. We anticipate completion and report submittal to your office on or by August 3, 2008.

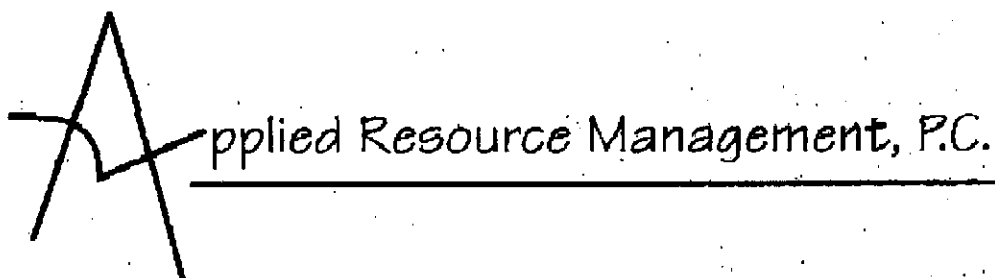

If you have any questions or require additional information, do not hesitate to call.

Sincerely,

Joseph L. Zuncich
Project Manager
